Procurement Policy

Purpose

• Ensure purchasing is controlled, transparent and traceable.

• Every request must include requester, department, purpose, item, quantity, required date and budget when available.

Inventory First

• Check internal inventory before external sourcing.

• If sufficient stock exists, route the request to inventory fulfillment.

Supplier Rules

• Use approved suppliers whenever available.

• Exceptions require documented authorization.

Quotation Rules

• For purchases above ■1,00,000, obtain three comparable quotations when practical.

• Record the reason when fewer quotations are available.

AI Controls

• AI may understand, retrieve, compare and recommend.

• AI must not independently approve or bypass procurement controls.
